

BUNBOOKS

“come be BOOKISH!”

- **BUNBOOKS (2013)** is the latest publishing house under Banlue Publications and can be described as **Salmon Books’ ‘younger sister’**. While Salmon Books provides our readers with a meal of tasty contents, BUNBOOKS’ contents are served as a complementary sweet bun dishes.
- We are very selective with our contents, from preparing the ingredients to assembling them into BunBooks, which can be both appetizing main dishes and delicious desserts. BUNBOOKS is suitable for readers who prefer a light, charming but thought-provoking style.
